

# Profile of an American Church

## Church of Our Founding Fathers LLC is the Curator, the Advocate and the Citadel for the “Cultural Values” that built America.

The Founding Fathers described the Cultural Values of their new Society in the Declaration of Independence (1776). And then, they wrote the “Societal Contract” that defined, structured and codified those Cultural Values into a “national” government. The Founding Fathers called their “Societal Contract” between “We the People’ and their government — *The Constitution of the United States of America (1792)*.

Church of Our Founding Fathers LLC may be the last Citadel of the “Cultural Values” that built the only Nation on earth founded on a “good idea” — a government of the People, by the People and for the People, built “with the consent of the governed”. So that Americans for generations could enjoy “the Blessings of Liberty for ourselves and our Posterity” and the Promise of America — Life, Liberty and the pursuit of Happiness.

An American Church shares no history, nor maintains any affiliation, with any European religion. European religions are refuges for men-who-do-as-they-are-told (submissive to authority). The United States of America

was born in a Revolution, fathered by men-who-think-for-themselves.

All traditional religious organizations in the USA today swear allegiance to the “Bibles” of the State-Religions of foreign countries: American Christians swear allegiance to the Church of England’s King James Bible AV; Catholics swear allegiance to the Catholic Canons of the Vatican; Jews swear allegiance to the Tanakh of Israel; Muslims to the Koran; etc. — or swear allegiance to Cults built around self-proclaimed prophets (i.e., Mormons, Scientologists, Moonies, etc.) none of which are in the American tradition nor have they contributed to the growth and development of American Cultural Values as described in the Declaration of Independence and codified in the Preamble of the U.S. Constitution.

Established religions are essentially “fascist” in nature and wherever those religions are a prominent segment of the society, they support fascist forms of government in an effort to impose their religion’s values on the residents of their community. Voting is not the remedy. The citizens in fascist States get to vote, as do the “citizens” of China, Russia, etc.

## An American Church is not a charity.

Charities help the poor and provide disaster relief with their tax-deductible donations.

Charities do not help the “poor” to stop being poor. An American Church is obligated to help the poor, or those doing poorly, to stop being poor or doing poorly.

Church of Our Founding Fathers LLC is not a charity — so, it does not “pass the plate” or solicit “tax-free donations”. Our Church’s Services must stand on their merit and value.

“I have been around long enough to know that ‘Free’ generates no commitment — without commitment there is no progress. In today’s America — price dictates value, therefore, price should reflect value.

The Services of the Church of Our Founding Fathers LLC are not Free. Church Services are valuable, so expensive, but affordable. Supplemental schooling fees are attached to their respective services as listed under Church Services.”—John M. Comer, DD

The Church of Our Founding Fathers is an LLC. Our congregation’s annual membership fees provide our operating overhead. The services included with congregation membership must justify the annual fees or members will drop out. The fees charged for supplemental scholastic skill development and Job Prep cover the cost of delivery and can generate an American-style ROI for up to 200 shareholders of Church of Our Founding Fathers, LLC. We are an American Church in — Word and Deed and Operation.
